

TOP-ROC drill bit

Drill bit for TOP-ROC screws

Description

- Wood drill bit Ø 8 x 120 that adapts to the hex drive of the TOP-ROC screw. Not necessary to remove the hex drive TOP-ROC screw to drill into a wooden frame.
- Special drill bit for PVC Ø 8 x 120; special TOP-ROC.
- Screw extractor: for unscrewing the TOP-ROC screw if the drive is damaged.

TOP-ROC - mèche à bois

TOP-ROC - mèche PVC

TOP-ROC - clé à dévisser
